

GREENWORX

Cleaner. Greener. Smarter.

INTRODUCTION

Green Worx introduces an effective range of cleaning products with bio **enzymes** that provide many benefits to various industries and all households.

Following extensive research Green Worx teamed up with the world's foremost technologically advanced bio enzyme and sustainable surfactant producers to offer reliable, affordable and effective green cleaning solutions.

OUR GLOBAL GREENTAG CERTIFICATION

GREENWORX ARE PROUD OF OUR GREEN TAG CERTIFICATION FOR ALL OUR PRODUCTS

The sought-after GreenTag international accreditation is given only to companies that reach all the stringent ecofriendly criteria that must be achieved.

We are the **ONLY SOUTH AFRICAN COMPANY** to have been awarded this GreenTag Certification with the PHD assessment.

GreenTag means that all our products are independently certified safe to use, are eco-friendly, and will not harm the environment. The PHD assessment provides assurance our products are Non-Asthmatic and Non-allergenic.

Years of research and development, and our commitment to bringing superb, effective and safe products to the South African market has enabled us to produce cleaning materials that can be used in every household or commercial premises, **at a cost often lower than competing, non-safe products.**

Our claim to be Cleaner, Greener and Smarter has been vindicated by Global GreenTag International. Our products are:

- **CLEANER** - our all-natural products use enzymes and friendly bacteria to clean better, clean deeper, and keep surfaces cleaner and healthier longer
- **GREENER** - there are no harmful chemicals in our products, making them safe and healthy
- **SMARTER** – our products clean better because the enzymes we use are specifically targeted at the problem and leave no harmful residues

GLOBAL GREENTAG – SO WHAT'S IT ALL ABOUT

Global GreenTag is one of the world's most robust, trusted and widely recognised ecolabels. We independently assure that every product is fitness tested and certified under one of our two leading certification programs that use world's best scientific methods. That's why we have earned the reputation and trust of thousands of

buyers, hundreds of companies and numerous green building councils, certification bodies and governments around the world.

Visit the South African Global GreenTag website www.globalgreentag.co.za

- **GreenTag is about Trust** – trust that products which are GreenTag certified are:
- **Safe to use** – for you, your family, your customers, your workers
- **Healthy to use** – no harmful chemicals
- **Eco Friendly** – do not harm the environment

If you care about the environment, GreenTag International is probably one of the most important initiative worldwide. Look for GreenTag certification on all the products you buy.

Apart from our Global GreenTag certification GreenWorx also holds other prestigious certifications, including

ISO 14001

Global GreenTag Asthma & Allergy Sensitive™ certification, which asserts that our products are safe to be used, in environments, for people with asthma and allergy sensitivities

CE Mark - Signifies that products have been assessed to meet high safety, health, and environmental protection requirements in the European Union (EU)

SABS

Green Building Council of South Africa (GBCSA) - Green Star Certified

South African National Halaal Authority Certificate (SANHA)

Vegan SA

Beauty without Cruelty

Rest assured, our commitment to cleanliness is backed by recognized standards, ensuring that we deliver exceptional quality without causing harm to you, the animals or the environment.

WHY GREENWORX

At GreenWorx, we strive to make the world a greener, cleaner, smarter place by providing innovative, effective and high-quality green cleaning products and solutions.

We use specially selected, bio-degradable, naturally derived, probiotics, microbes and natural enzymes to break down dirt, proteins, starches, fats, oils, greases, urine, esters, waxes and a lot more into organic nutrients which are then released safely back into the environment. Containing no harmful chemicals, the surfactants in our products are biodegradable. We use nature's bug-eating power and probiotic action to demolish dirt and obliterate germs without harming the environment.

What makes our products unique:

No Harmful Chemicals - Enzyme-based cleaners are especially useful for biofilm removal and work better than harmful chemicals. This means there's no harmful chemical compounds that are released into the atmosphere or into our water systems, which means you're also not exposed to toxic fumes and chemicals. Also, the more regularly the Green Worx products are used, the more effective they become.

Save Water - Our products require less (or no) rinsing, no re-washes and very little scrubbing. This means you save water, while getting a real, green clean.

Gentle on your skin - Our enzymes are non-toxic, non-irritating, non-gaseous, nonflammable, non-pathogenic and non-hazardous – in short, they're tough on dirt, gentle on skin, and good for the environment.

Energy saving - Our products are highly effective, even in cold water – in fact, our bugs prefer it that way. Less heat means less energy, it's a win-win for you and the environment.

Eco-friendly - We use effective naturally derived, biodegradable ingredients. Containing no harmful chemicals, the surfactants in our products are biodegradable. We use nature's bug-eating power to demolish dirt and obliterate germs without harming the environment.

Cruelty-Free - We believe animals are our best friends, not test subjects. We harness the power of nature, by using what she freely offers – no more, no less. We'd never test on animals, and neither should you.

Enzymes used in GreenWorx Products

Bacteria Type: Bacillus consortium producing the following enzymes;

PROTEASE

- breaks down proteins (e.g. *meat, excreted/secreted proteins*) into amino acids

LIPASE

- breaks down fats/grease into fatty acids and glycerol; if not broken down, fats can go rancid and lead to malodours and blocked drains/fat grease traps

AMYLASE

- starch acts as a glue for dirt; amylases catalyse the breakdown of starch into sugars which are then further used as a food source by the bacillus

CELLULASE

- breaks down cellulosic material

UREASE

- catalyses the hydrolysis of urea into breakdown products

What this means

- the bacillus uses the multitude of enzymes produced to break down the components of malodour and staining to provide microbial cleaning at the smallest level of dirt/contaminate

XYLANASE

- helps in breaking down plant cell walls

ESTERASE

- splits esters into an acid and an alcohol in a chemical reaction with water (*hydrolysis*)

HOSPITALITY PRODUCT RANGE

Biotech Bathroom Cleaner

Introducing Biotech Bathroom Cleaner, the ultimate solution for cleaning, sanitizing, and deodorizing your bathroom. Our advanced bio-enzymatic formula with good bacteria (probiotics) eliminates organic waste, reduces odors, and cleans soiled areas. With seven enzymes, it ensures complete elimination of bugs and organic materials, leaving biologically cleaned surfaces. It penetrates cracks, crevices, and pores, removing harmful organics and eradicating bad bacteria. Safe, non-toxic, and environmentally friendly, it provides superior cleaning. Let the yellow mellow confidently with our Bathroom Cleaner, saving water and ensuring a hygienic bathroom.

Odorite Grime Away All Purpose cleaner

Discover Odorite Grime Away All Purpose Cleaner, the 100% natural citrus cleaner that is perfect for all-purpose use indoors and outdoors. This versatile cleaner effectively eliminates all types of soils, whether on carpets, upholstery, hard surfaces, or floors. Outdoors, Odorite Grime Away All Purpose Cleaner shines as a patio and garden furniture cleaner, braai cleaner, driveway oil spotter, and general degreaser. Its applications are truly endless, making it a must-have for all your cleaning needs. From tar, grease, oil, ink, toner, adhesives, sealant, glue, and polish to fat, wax, crayon, blu-tac, plasticine, lipstick, chewing gum, smoke damage, and even graffiti, this cleaner tackles them all. It safely strips floor polish and adhesives without causing any harm to the flooring. Remember, do not mix or use Odorite Grime Away All Purpose Cleaner in conjunction with other chemicals for optimal results.

HOSPITALITY PRODUCT RANGE

Odorite Ultra All Surface Kitchen Cleaner

Experience the power of Odorite Ultra All Surface Kitchen Cleaner, the ultimate solution for eliminating stubborn kitchen grime. This advanced cleaner harnesses dual technology, combining superior green surfactant technology with enzymatic and probiotic action. The enzymes actively break down fats, grease, and starches, effectively dissolving biofilm and releasing trapped dirt and organics from surfaces.

With its potent formula, Odorite Ultra All Surface Kitchen Cleaner not only tackles residual organic soils but also eradicates bad odours, leaving your kitchen smelling fresh and inviting. Its continuous use gradually eliminates layers of embedded grime, preventing future build-up of organic soils and maintaining surfaces in a deep-cleaned state. Say goodbye to potentially harmful organisms and contaminants as this powerful cleaner keeps your kitchen surfaces sanitized and free from unwanted residues.

Odorite Ultra Auto Dish Washing Liquid

Experience the unrivaled cleaning prowess of Odorite™ Ultra Auto Dishwashing Liquid, the ultimate solution for achieving spotless dishes. Harnessing the exceptional power of enzymes, this remarkable dishwashing liquid not only effectively cleans your dishes but also prevents the accumulation of fat, oil, and grease in your drain.

With the combined strength of three active enzymes, Odorite™ Ultra Auto Dishwashing Liquid effortlessly conquers the most stubborn greasy and burnt-on food soils. It effortlessly penetrates and eliminates stubborn residues, leaving your dishes gleaming with a pristine, grease-free finish. Its innovative free-rinsing formula allows your dishes to air dry naturally, without leaving any streaks or requiring additional rinse aid, thus saving you valuable resources, time, and effort. It also includes an anti-rust compound to prevent rusting and pitting on metals.

Odorite Ultra Plus Laundry Detergent Liquid

Experience the cleaning power of Odorite™ Ultra Plus Laundry Liquid, a revolutionary six-enzyme liquid detergent designed to deliver outstanding results. This advanced laundry solution is specially formulated to provide highperformance washing even at low temperatures. With its powerful blend of six enzymes, Odorite™ Ultra Plus Laundry Liquid offers superior stain removal, exceptional whiteness, color care, anti-redeposition properties, and overall fabric care. It tackles even the most complex stains with ease, ensuring that your clothes come out looking fresh and clean.

In addition to its impressive cleaning capabilities, Odorite™ Ultra Plus Laundry Liquid is also environmentally friendly, safe for humans and pets. Its formulation is designed to be gentle on the planet while providing powerful cleaning action. Trust Odorite™ Ultra Plus Laundry Liquid to meet your laundry needs, offering exceptional performance and peace of mind.

HOSPITALITY PRODUCT RANGE

Biotech Laundry Spot Remover Concentrate

Experience the exceptional power of Bio Tech Laundry Spot Remover Concentrate, the ultimate solution for stubborn stains. Our powerful bugs take care of yours as they assist in tackling tough organic stains on clothing, linen, and upholstery. To achieve optimal results, simply pre-spot the stains, vigorously rub the affected area by hand to enhance penetration and bio-digestion, and allow a few minutes for activation. Afterwards, remove the treated item and continue with your regular machine or hand wash. With its planet-friendly, humanfriendly, and pet-friendly formulation, this concentrate provides an effective and eco-friendly solution for removing stubborn stains, ensuring your fabrics remain fresh and clean.

Biotech Probiotic Sanitising Surface Cleaner

Experience the power of Bio Tech Probiotic surface cleaner, a revolutionary solution that combines advanced probiotic bio-enzyme technology for surface cleaning and hygiene sanitization. Maintaining clean surfaces is crucial in preventing illness and the spread of germs. By utilizing this new age cleaning method, we can significantly enhance hygiene practices and promote a healthier environment. Remember, it is important not to mix or use this product in conjunction with other chemicals to ensure its optimal effectiveness. Take the proactive step towards improved cleanliness and hygiene with Bio Tech Probiotic surface cleaner.

HOSPITALITY PRODUCT RANGE

Biotech Toilet Cleaner & Deodoriser

Introducing Bio Tech Toilet Cleaner, where our powerful bugs outshine the rest. This potent probiotic deep cleaning agent works tirelessly to provide an intensive and thorough cleaning experience while effectively eliminating odours in toilets and urinals. With its planet-friendly, human-friendly, and petfriendly composition, you can trust that Bio Tech Toilet Cleaner delivers exceptional results while keeping the well-being of the environment, humans, and pets in mind. Experience the power of our probiotic bugs as they revolutionize your toilet cleaning routine.

Odorite Rim Block

Experience the excellence of Odorite™ Rim Block, the premium solution for eliminating organic matter in toilet bowls and Urinals. This exceptional product goes beyond merely eliminating odours; it ensures a fresh and hygienic toilet experience. With its 100% natural formulation, Odorite™ Rim Block effectively eradicates stale odours and cleans without the need for harmful chemicals. Odorite™ Rim Block works by breaking down and eliminating the organic substances commonly found in toilets and drain lines. By using this product regularly, you can maintain a cleaner and odour-free system while preserving the activity of effective microbes and enzymes in septic systems. It specifically targets the odours caused by the incomplete digestion of malodorous volatile fatty acids, guaranteeing thorough elimination of unpleasant smells. With longterm odour control, Odorite™ Rim Block not only eliminates the source of odours but also prevents the recurrence of odour-causing compounds.

HOSPITALITY PRODUCT RANGE

Biotech Kennel Wash

Experience the power of Bio Tech Probiotic Kennel and Bedding Wash, a scientifically formulated solution that deep cleans your pet's kennel and bedding. This man, animal, and environmentally friendly blend of enhanced ingredients is designed to effectively eliminate smelly pet urine, feces, vomit, and other organic malodors from the kennel surface. Not only does it remove unpleasant odors, but it also targets and eradicates harmful bacteria, ensuring a clean and safe environment for your beloved pet.

In addition, Bio Tech Probiotic Kennel and Bedding Wash provides an added advantage in that because the area is super clean, it also helps deter flies from the area. Its effectiveness extends beyond pet kennels and bedding, making it a versatile solution suitable for various applications such as horse stables and other animal housing.

Biotech Pet Stain Cleaner and Odour Remover

Discover the power of Bio Tech Pet Stain & Odour Remover, a highly effective solution that brings you a cutting-edge natural deep clean for your home and office. This remarkable product is specifically designed to tackle pet stains and control odours on all hard and soft surfaces with exceptional efficiency. With the help of specialized beneficial probiotics, malodours are converted into odourless by-products, while simultaneously intensifying biodegradation for the permanent removal of visible stains. Rest assured, our Probiotics are classified as Category 1 micro-organisms, ensuring they are safe for both pets and people.

To use, simply remove any clumps, spray liberally onto affected surfaces, and wipe or scrub using a brush, broom, cloth, or sponge as appropriate. Allow the treated area to air dry. For carpets, pet bedding, and cat litter, spray moderately to refresh. Please note that Bio Tech Pet Stain & Odour Remover should not be mixed or used in conjunction with other chemicals. Experience the ultimate solution for pet stains and odour control while ensuring a safe and clean environment for everyone involved.

HOSPITALITY PRODUCT RANGE

Biotech Probiotic Premium Pet Shampoo

Bio Tech - Probiotic Premium Pet Shampoo is a scientifically formulated shampoo designed to deeply clean and condition your pet's hair and coat, while supporting digestive health through the inclusion of special Probiotics. This happens as dogs occasionally groom themselves and lick their paws, the act of self-grooming allows intake of these beneficial microbes. These beneficial microorganisms work to maintain a healthy digestive balance by replenishing and nurturing the intestinal flora, while also reducing harmful microbes. The shampoo is hypoallergenic and pH adjusted, making it suitable for pets with rough, flaky, oily, or irritated skin. It contains plant-based surfactants, Probiotics for both digestive and skin health, as well as other carefully selected ingredients. With Bio Tech - Probiotic Premium Pet Shampoo, you can ensure your pet's cleanliness, well-being, and a healthier skin and coat.

Biotech Drain Cleaner & Deodoriser

Discover the power of Bio Tech Drain Cleaner and Deodorizer, a natural probiotic solution for maintaining clean and odor-free drains, grease traps, and French drains. This product is not only safe but also highly beneficial for septic tanks, bio-digesters, and grey water systems. With its Category 1 microorganisms, it poses no harm to living creatures. Remember to avoid mixing or using it alongside other chemicals to ensure optimal results and safety.

HOSPITALITY PRODUCT RANGE

Biotech Floor & Tile Cleaner

Experience the remarkable cleaning power of Bio Tech Floor & Tile Cleaner Concentrate, designed to eliminate dirt, grime, and unpleasant odors. This highly effective solution serves as a healthier and safer alternative to traditional chemical-based floor cleaners. Enriched with eco-friendly and naturally sourced probiotics, it not only cleans but also works in a safe and beneficial manner, leaving long-lasting and superior cleaning results. By regularly using this cleaner, you restore a healthy microbial balance to your indoor environment. Rest assured, it is planet-friendly and safe for both humans and pets.

Biotech Footwear Cleaner & Deodorizer

Experience the power of Bio Tech Footwear Cleaner & Deodorizer, a proprietary biodegradable and non-toxic formula designed to effectively remove dirt, stains, and malodors from various materials, including suede, nubuck, leather, and canvas. This gentle yet highly effective cleaner eliminates odor-causing bacteria, leaving your shoes fresh and clean. Even after application, it continues to work, ensuring long-lasting freshness. Trust this product to keep your footwear in top condition.

HOSPITALITY PRODUCT RANGE

Biotech Grey Water Treatment

Elevate your home's green cleaning with Grey Water Bio-Treatment, a state-of-the-art natural solution. This innovative product offers effective control of malodors resulting from biological anaerobic processes, while also degrading and biologically managing the generation of hydrogen sulphide. It efficiently breaks down and degrades organic waste matter, aiding in the elimination of surface, side wall, and bottom solids. With its planet-friendly, human-friendly, and pet-friendly composition, it can be safely added to grey water tanks and containers. By converting organics into safe, healthy nutrients, it effectively combats unpleasant odors and promotes a healthier environment.

Biotech GTX Gel Hand Wash

Experience the ultimate cleanliness and sanitization with Bio Tech Gel Hand Wash. This powerful hand wash not only effectively removes dirt and grime but also provides sanitization using natural probiotics, offering protection against various harmful bacteria and viruses, including the Corona Virus, for up to 5 hours. Its safe formulation ensures a thorough clean while the probiotics combat unwanted pathogens in a sustainable manner. Rest assured, this product is friendly to the planet, humans, and animals alike, making it an ideal choice for maintaining optimal hand hygiene.

HOSPITALITY PRODUCT RANGE

Biotech Misting Deodoriser

Experience the power of Bio Tech™ Misting Deodorizer, an innovative probiotic spray that goes above and beyond in eliminating malodors and providing microscopic cleaning. Unlike chemical-based deodorizers that only mask odors, our proprietary Natural Probiotics actively work for days, reaching even the microscopic level to effectively remove contaminants, minimize allergen risks, and prevent infections. Discover the true essence of micro-cleaning while having peace of mind knowing that our product is environmentally friendly and safe for both humans and pets.

Biotech Washing Machine Cleaner & Deodoriser

Introducing Odorite™ Ultra Plus WASHING MACHINE CLEANER and DEODORISER, a proprietary probiotic solution that ensures your washing machine stays fresh and odour-free. Our powerful bugs outshine the rest as they eliminate unpleasant odours and provide a clean scent load after load. With this convenient spray-and-go formula, there's no need for an additional wash cycle.

Over time, mould and residue can accumulate inside your washing machine, causing unpleasant smells. While many internal washing machine cleaners only target the drum, our easy-to-use spray bottle allows you to reach all the problem areas, including the rubber door seal and gasket where odour-causing residue can get trapped. Simply spray after your last load of the day to help eliminate and prevent odours effectively. Odorite™ Ultra Plus WASHING MACHINE CLEANER and DEODORISER is safe for use with all washing machines, compatible with all septic systems, and recommended for all washing machine types. Rest assured, it will not discolour or damage your laundry. Experience a fresh and hygienic washing machine, thanks to this planet-friendly, human-friendly, and pet-friendly solution.

HOUSEHOLD PRODUCT RANGE

friendly, making it the perfect choice for maintaining a clean and hygienic environment for your little ones.

Odorite Baby Bottle & Accessories Cleaner (Wash)

Introducing Odorite™ Ultra Baby Bottle Cleaner, the ultimate solution for busting grease, dairy fat, and grime. It is specifically designed for cleaning baby bottles, cups, soothers, and accessories, providing a superior and more thorough cleaning than hot soapy water alone. The advanced formulation technology of Odorite™ Ultra Baby Bottle Cleaner ensures immediate and superior cleaning, targeting and eliminating dried-on milk protein, pulp, and juice residues that can potentially cause stomach upsets. Its multi-enzyme technology, derived from natural ingredients, penetrates deep into the pores and crevasses of surfaces, attacking and removing embedded residual soiling. This gentle and mild formulation is completely safe for cleaning a wide range of baby products. Rest assured, Odorite™ Ultra Baby Bottle Cleaner is planet-friendly, human-friendly, and pet-

Odorite Grime & Dirt Demolishing Gel 1Kg Tub

Introducing Odorite Grime Away Gel, the ultimate solution for demolishing grime and dirt. This 100% Citrus gel cleaner is designed to effectively clean all surfaces, both indoors and outdoors. Packaged in a tamper-proof 1kg tub, Odorite Grime Away Gel is specially formulated to tackle extremely stubborn soiling. With its unique product formulation, it effortlessly removes tough soils such as lubricants, grease, paint, varnish, ink, tar, bitumen, and adhesives. Not only does Odorite Grime Away Gel clean, but it also moisturizes and protects surfaces. Dermatologically tested and pH neutral, it is gentle on the skin while being environmentally friendly as it is biodegradable. Enjoy the fresh citrus scent derived from natural ingredients, and experience the exceptional effectiveness of this gel cleaner, thanks to its skin-friendly abrasive and natural components. Odorite Grime Away Gel is your go-to solution for powerful and safe cleaning.
